## What we offer...

Nance and Underwood has an Extensive and Diverse Background in the Yachting community. On Mega-Yachts, Power and Sailing Vessels, We Offer a Variety of Services Including:

- ★ Safety Rail Systems CE Installation; One and Five Year Required Inspections
- ★ SWL Load and 110% Testing
- ★ Deck Hardware Surveys and Installations
- ★ Winch Servicing, Repairs and Installations
- ★ Lifting Bridle and Tow Hawser Manufactured and Certified

## Certified Load Testing

In the modern day, load testing is nearly always required after servicing hoisting and safety systems. Being certified to carry out the test properly and safely is of the utmost importance.

- ★ Means of Embarkation; Five Year Testing
- ★ Engine Room Overhead Crane/Rail Testing
- ★ Davit Testing
- ★ Passerelle Testing
- ★ Safety Access system Testing

## Winches

Nance and Underwood provide an array of services when referring to winches on all vessels, including anchor and windless servicing. Our specialties include:

- ★ Install and upgrade to powered winches.
- ★ Services on manual winches.
- ★ Anchor / mooring windlass lines and servicing
- ★ Water-bag and hydraulic weight testing

## Safety Rail Systems CE

An emphasis on safety has always taken priority at Nance and Underwood. Safety rail systems for vessel maintenance and hygiene from both Harken and Ronson are available for servicing, replacement

or general installation on all vessels. In recent efforts towards safety,

cruise ship lines are preferring these systems installed for safe maintenance.
